Bankside Primary School Weekly Newsletter

Bankside Primary School and Children's Centre

Putting down strong roots for success

Learning Cog focus—Initiative!

The children that were chosen by their teacher this week to receive the award in our assembly:

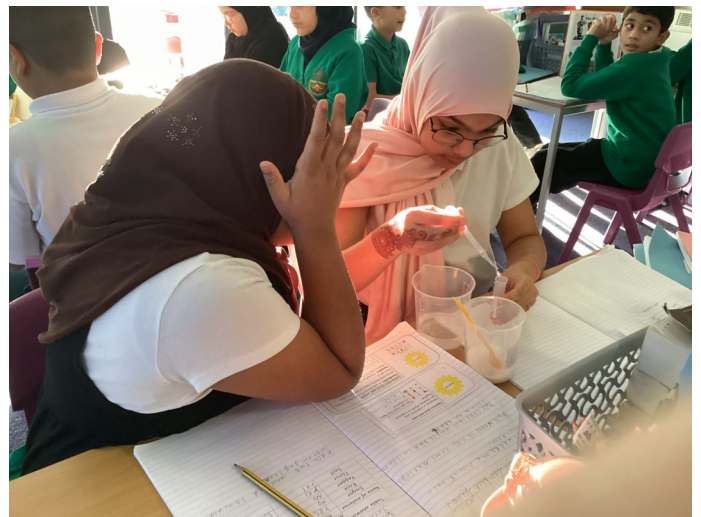

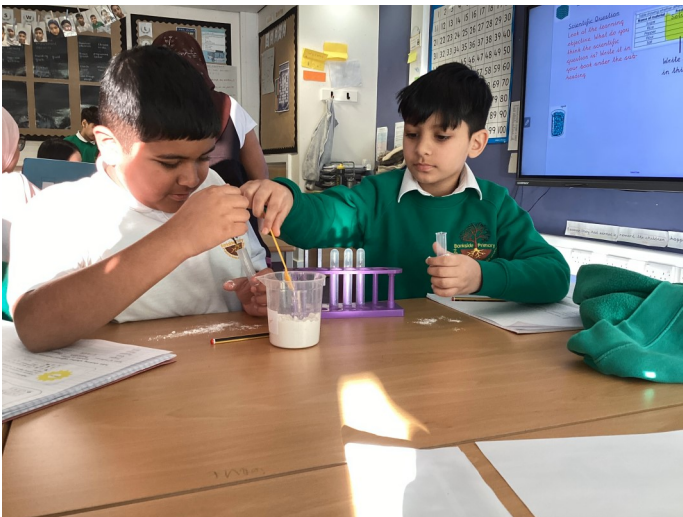

Well done to our winners this week in Rainbow, Orange, Yellow and Green Bases!

Next week our learning cog will be collaboration! Stay tuned to see who the winners are in Rainbow, Blue, Indigo and Violet Bases!

Super Science!

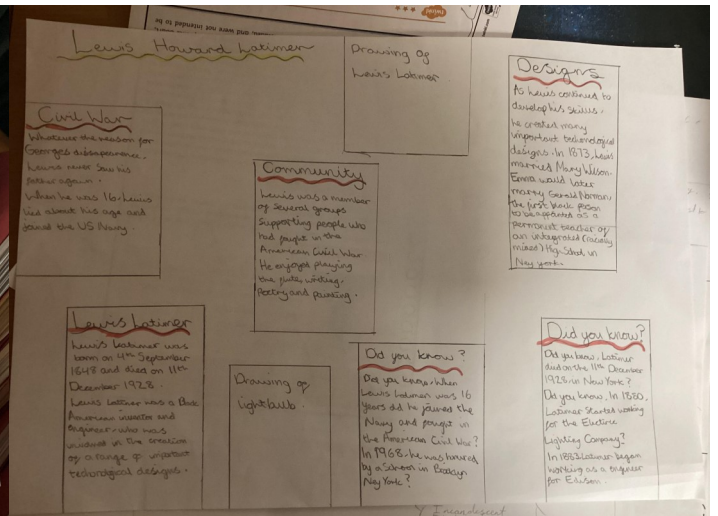

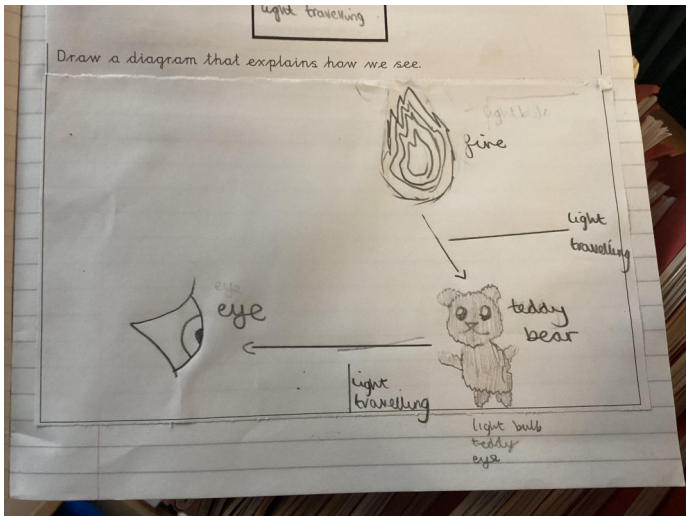

At Bankside we really enjoy scientific enquiry! We look forward to our practical science lessons where we make predictions and test our ideas. As part of our learning, we collaborate with our classmates and discuss our findings. We need our resilience learning cog to ensure that we keep investigating, even when our predictions were not correct!

Dates for your diary!

- Monday 12th-Friday 16th February half-term school closed
- Monday 19th February INSET Day—school closed for pupils
- Tuesday 20th February, school re-opens for pupils after half-term

Super Science!

Reading at Home!

Please ensure that your child has daily opportunities to read their reading book at home. This will ensure they practice their reading fluency and comprehension skills.

Latest Learning!

In Red Base this week we had a special visit from a paramedic and an ambulance! We were lucky to see the inside of an ambulance and learn how paramedics help people when they are unwell.

In Indigo Base we had a really interesting visit from Zoo Lab! This learning is linked to our geography topic on rainforests. We learnt about the animals that live in a rainforest and information about their habitat. It was very interesting and also so much fun!

We were working with clay for the first time this year making Ancient Greek tiles.

Blue Base art—using clay to make Ancient Greek tiles!
