

28th March 2024,

Dear Breakfast Club Parent / Carer,

Following concerns raised about the notice time for the charges for Breakfast club we will pause this change for now and will start charges for breakfast club from September 2024. We will not be charging for pupils on non-benefit based free school meals or who have no recourse to public funding.

For clarity we are funded only for some provisions by Greggs. Costs for staffing and equipment has to come from the school budget.

We are not funded for providing this additional service and have managed to provide it free for many years.

However, the cost of living increases have significantly impacted the school budget and we are unable to continue to fund all the staffing costs out of the school budget. The small charge is necessary for us to be able to continue to offer this service, but will not cover all the staffing and associated costs, this is still heavily subsidised by the school.

Yours sincerely,

Emma Pearson

Bankside Primary School
