Bankside Primary School Weekly Newsletter

# Bankside Primary School and Children's Centre

Putting down strong roots for success

## Welcome Back to School!

A very warm welcome to all of our pupils who have arrived back to school this week! We are really proud of how positively the school year has started and how settled and focused the children are. A special welcome to the new families that have joined Bankside including our new Reception (Red Base) pupils and families! We hope your children will be very happy here.

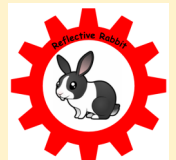

## Learning Cog focus—Pride!

The children that were chosen by their teacher this week to receive the award in our assembly:

Next week our learning cog will be reflection, stay tuned to see who the winners will be!

# Latest Learning!

At Bankside Primary School we love to read! Our teachers make sure that we have inviting reading areas in our class so we can relax and enjoy a good book!

Our children take home a reading book each week to help them practise their reading at home - ask your child to read to you so you can enjoy the book together!
