Bankside Primary School Weekly Newsletter

# Bankside Primary School and Children's Centre

Putting down strong roots for success

## Learning Cog focus—Reflection!

The children that were chosen by their teacher this week to receive the award in our assembly:

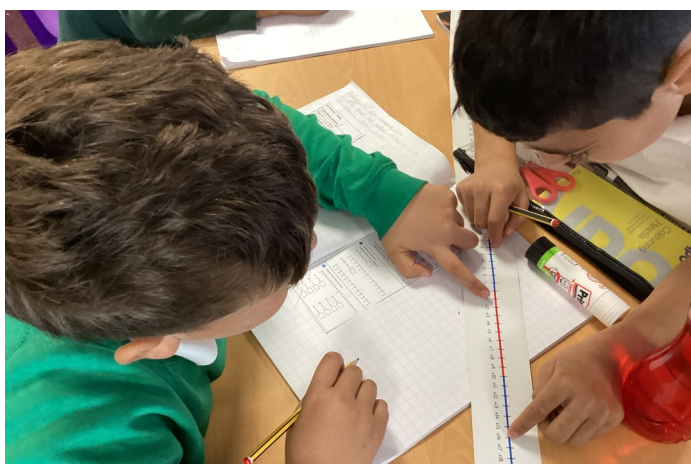

Well done to our winners this week in Orange Base, Yellow Base and Rainbow Bigs and Stars who won the headteacher's award!

Next week our learning cog will be reflection, stay tuned to see who the winners will be!

# Latest Learning!

This week maths has been a focus across school. We have been recalling our prior learning, practising our number facts and exploring patterns in class. At Bankside, we use concrete objects, often referred to as *manipulatives*, to aid children's understanding of mathematical concepts. Our maths lessons are always engaging and enjoyable - our teachers work hard to make sure we master a range of skills and knowledge so we can be confident mathematicians!

# Our fabulous first week at Bankside!

For our youngest learners, this was their first full week at school! We are so proud of how brave and confident they have been in their new classrooms. Can you believe some of these children are only two years old? As always at Bankside we are focusing on developing a love for reading and listening to stories, you can see our newest learners in the two year old provision already enjoying their reading den!
