Bankside Primary School Weekly Newsletter

Bankside Primary School and Children's Centre

Putting down strong roots for success

Learning Cog focus—Collaboration!

The children that were chosen by their teacher this week to receive the award in our assembly:

Well done to our winners this week in Orange and Yellow Bases!

Next week our learning cog will be collaboration, stay tuned to see who the winners will be!

Super Science!

This week we have been really enjoying our science learning! At Bankside we teach science in a practical way, focusing on investigation, exploration and active learning. Our pupils learn a wide range of scientific vocabulary linked to their topic so they can articulate their learning as junior science experts!

Autumn weather reminder!

Please ensure your child wears a suitable coat to school as the weather starts to turn wetter and colder.

Early Years Learning!

This week in Reception, children have been starting to develop their early reading and writing skills through our Sounds-Write lessons.

Our teachers are helping us to consolidate our learning in our new *Calm Classrooms*.

Each day we have one room set up especially for focused work with adults who help us to develop our new skills and knowledge in small groups in a calm learning space.

Our teachers are already very impressed with our concentration and resilience when developing our new skills!
