## Bankside Primary School Weekly Newsletter

# Bankside Primary School

*Putting down strong roots for success*

## Headteacher's Award Winners - Our Learning Cog of Collaboration!

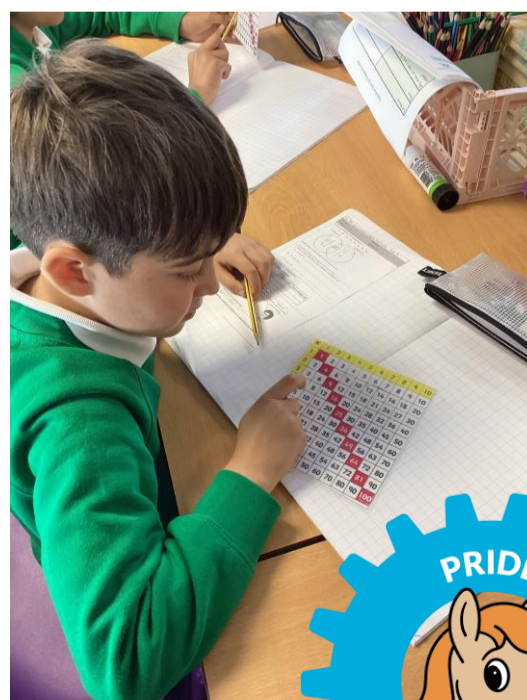

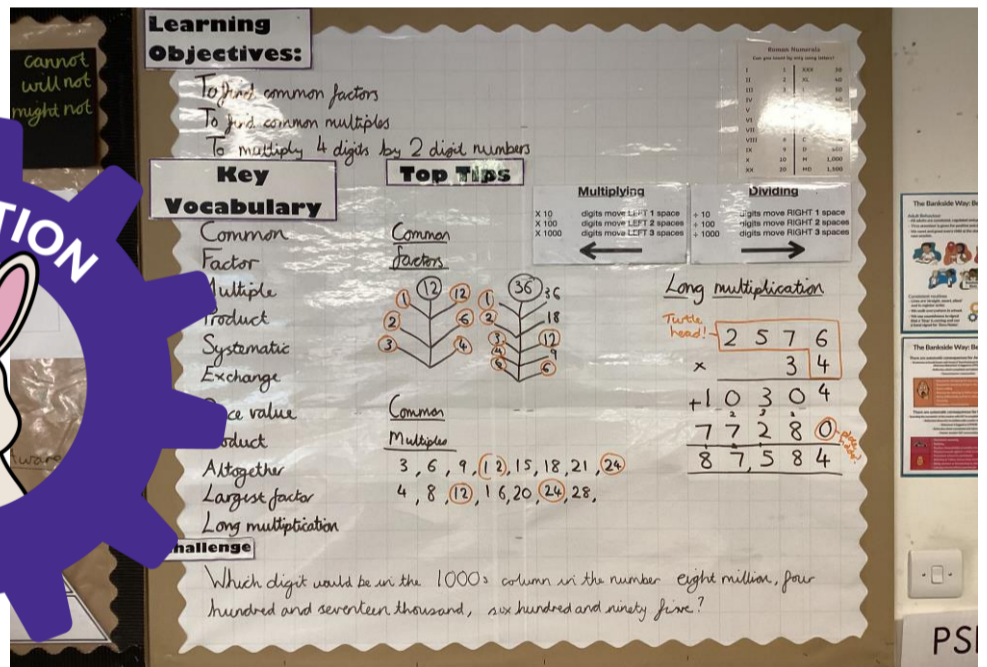

Well done to the children in Key Stage One this week who were chosen by their teacher to receive the award in our headteacher's assembly!

Next week our learning cog will be collaboration. Stay tuned to see who the winners are in Key Stage Two!

# Magical Maths!

At Bankside Primary School, we are proud of our maths curriculum. Our school aim is to *put down strong roots for success*, and we use concrete resources to help children visualise and explore mathematical concepts.

Our learning cogs have been in use this week across school in our maths lessons! We have been using our collaboration cog when exploring concepts with our partner and using our reflection cog to build on prior learning.

# Early Maths!

Our Reception children are really settling into school life at Bankside. They are making new friends, getting used to the adults that support their learning and exploring the classroom provision.

Our Nursery children have had a week of mathematical discovery! They have been busy measuring ingredients to make playdough and exploring colours!
