Primary School**
Putting down strong roots for success

End of Year Awards!

At the end of each academic year our staff nominate pupils to win our school legacy trophies that exemplify our learning values and behaviours. It is hard to choose the winners as we are fortunate to have a huge pool of nominations at the highest calibre! We share with our community pictures of the winners and our special assembly.

Pride Raffle Assembly!

This week we held our Pride Learning Cog Assembly. Pupils who have shown their excellent work to our Headteacher, receive a special raffle ticket and we host a celebration assembly where pupils are chosen to win a special prize, Well done to all the children who were lucky enough to be chosen to win!

World Cup Celebration Week!

Over the duration of the World Cup tournament, football fever has gripped Bankside Primary School! We have been learning about some of the countries that qualified, finding out about their history, geography, art, culture and much more. At the end of our topic learning we hosted a "Wonder Walk" to share our learning with the school community!

Community Action!

We have been working with Leeds City Council Neighbourhoods Team to raise awareness about the amount of litter and fly tipping in the immediate local area. Councillor Asghar Ali and the Street Cleaning Team joined staff, parents and pupils to take community action to tidy up our local streets. Thank you to everyone who supported this campaign, we plan to make this a regular event in the new school year.

Good Luck Year 6!

As our Year 6 pupils leave us today and start the next chapter of their education at Secondary School, we would like to wish them well with their future endeavours. We celebrated their achievements at our Year 6 Prom, which took place on Friday 17th July. We share some of these memories with our school community in our newsletter!
